About This Game

The Vrennman Case is an adventure game in which you uncover the secrets of a demonic cult, solving puzzles that have you cross the line between the world of the living and the spirit world.

You play as the demon-hunting police detective John and his ghostly companion Ellen.
Use her abilities and combine them with Johns earthly skill to actually touch anything larger than a spoon, to find out what happened in this dark and desolate place - the Vrennman Mansion.

Examine your surroundings very carefully and gather information. Use them to solve weird puzzles ranging from blood sacrifices to wild mushroom fantasies.
But beware!
Sometimes the most obvious solutions are not the best solutions.

Features

- Inspired by norse myths and classic demonology
- Play a ghost and walk through walls, closed doors, people, doesn't matter. Ghosts can walk through anything. Ellen is not an exception.
- A world in which you can interact with almost anything.

- Complex branching of events that depends on what you did and what you didn't do.
- Collectibles that tell yet another story

There's a book with a drawing of Loki on the cover. I can't read it but damn.
Don't go messing with Loki.
